The screenshot displays the MIT App Inventor web interface. At the top, the MIT App Inventor logo is on the left, and navigation buttons for 'Projects', 'Connect', 'Build', and 'Settings' are on the right. Below the logo, the project name 'StuFin' is shown next to a 'Donate to App Inventor' button. The 'Screens' section indicates 'Screen1' is selected. On the left, a list of components is visible, including Button, CheckBox, CircularProgress, DatePicker, Image, Label, LinearProgress, and ListPicker. The main workspace shows a mobile app preview for a 'Phone (320 x 650)' device. The app's interface includes a title bar with '期末作業 xxxx 000', a large blue title 'APP 期末作業', and three stacked buttons: '期中考題', '任選', and '離開程式'. A dropdown menu for 'Screens' is open, showing 'Screen1', 'Screen2', and 'Screen3'. A small home icon is located in the bottom right corner of the interface.
